

ANZSOM NSW / ACT Branch Weekend Meeting & AGM IXOM Chlorine Plant

Saturday 1st August 2026

Join us for our 2026 Weekend Meeting at IXOM Chlorine Plant, Botany Industrial Park for a full day on Saturday 1 August 2026

- Date:** Saturday 1st August 2026
- Venue:** IXOM Admin Building and Chlorine Plant
16 – 20 Beauchamp Rd, Matraville NSW 2036
- Cost:** \$90 ANZSOM members and AFOEM Trainees
\$100 Non-members
Includes morning tea, lunch, site tour, talks and CPD program

Registrations now open – <https://www.trybooking.com/DNBWF>

RSVP by Friday 24 July 2026

PPE and other requirements:

Delegates must wear closed-in shoes, long sleeves, and long pants. Hi vis vests, hard hats, and respirators will be provided.

Important notice: There are chemicals on the IXOM Chlorine plant that are strong respiratory irritants, which, in the unlikely event of a leak, can potentially cause serious harm to people with certain respiratory conditions, especially asthma. For this reason, all visitors are required to fill in a health questionnaire, which will be reviewed by the IXOM occupational health team, who will then determine what areas of the site that person can visit. A link to the health questionnaire will be sent with the TryBooking confirmation. Please send your completed questionnaire to Amanda Tompson (ajtompson@optusnet.com.au) by **Friday 24 July**.

About the speaker

Dr Brian Jarvie, Respiratory and Sleep Physician

Dr Brian Jarvie is a Respiratory and Sleep Physician with extensive experience in respiratory health, sleep medicine and occupational medicine. Over a career spanning more than 40 years, he has provided care to patients across a wide range of clinical settings and has made significant contributions to medical education and mentoring. Widely respected for his commitment to high-quality patient care, Dr Jarvie was recognised in 2017 by Prince of Wales Hospital resident medical officers as their Most Inspirational Medical Consultant. In the same year, an award was established in his name in recognition of his lasting impact on generations of doctors.
