

OCCUPATIONAL PHYSICIAN/PRACTITIONER

**Are you looking for a change in pace?
Why not consider leaving the crowded city?**

Albury/Wodonga is a large regional area with extensive services, great schools and plenty of space, fresh air and a great lifestyle. The Albury/Wodonga region is growing rapidly and the demand for Occupational Medical Services has been constantly on the increase over the last few years. We are struggling to keep up with the work load.

Occmedi is seeking an Occupational Physician or Occupational Practitioner for a permanent full time or part time position.

Occmedi is a well established regional Occupational Medical practice based in Albury/Wodonga and is supported by a modern, accredited general practice clinic staffed by full and part time specialists in other facilities along with an extensive number of GPs and practice nurses.

Occmedi's services include:

- Injury management for employees who have suffered work-related injuries or illness
- Fitness for Duty assessments for workers who have non-work related injuries or illness particularly in circumstances when a worker's health problems are impacting on his/her ability to perform their normal work duties
- Pre-Placement medicals
- Workplace risk assessments
- Return to Work programs
- Site visits
- Immunisation both on site and in the surgery
- Health surveillance of workers including assessment of hearing loss and effects of occupational exposure to hazardous substances
- Corporate health assessments to identify risk for ailments such as skin cancer, hypertension and diabetes
- Educational & Training programs
- Toxicological advice
- Prompt and comprehensive reporting service
