

JOIN THE PRECISION TEAM

Seeking High Quality And Well Trained Specialists to Join Our Dynamic Multispecialty Team in Australia

We are looking for the following types of specialists:

- Pain specialists
- Neurologists
- Psychiatrists
- Occupational physicians
- Cardiologists
- Neurosurgeons
- Orthopaedic surgeons
- Anaesthetists

KEY BENEFITS OF JOINING PRECISION

- A large and supportive group of renowned specialists with an established reputation and referral base
- A multidisciplinary, integrated team approach- a key point of difference for your practice
- Dedicated and well-resourced marketing and business development team to help grow your caseload
- Opportunity to work across a number of locations in Victoria, Tasmania, Queensland and NSW
- An established network of patients and internal referrals from our existing specialists
- Your own diary and surgical case manager
- Increase your exposure to the GP community with extensive online and face-to-face educational events
- Attractive reimbursement and family-friendly lifestyle
- No administrative or practice management headache; we do all of this for you
- Lucrative supplemental medicolegal work opportunities
- Assistance with medical registration, immigration and visa, and relocation for overseas specialists
- Excellent CPD and CME program

WHY NOT JOIN A SAME-SPECIALTY GROUP PRACTICE?

Unlike most same-specialty group practices, we do not surround you with competition, but rather we make you more competitive by supporting you with a range of other specialties for the benefit of your patients.

WHY NOT JOIN A PRIVATE HOSPITAL AS A SOLO SPECIALIST?

Private Hospitals will promise you referrals but you will need to fight for a place on the on-call roster (not always easy), and do a lot of out of hours work. Private hospitals will promise you marketing exposure, but if they have 15-30 specialists of the same type, your exposure will be extremely diluted.

NOT FOR YOU, BUT KNOW SOMEONE WHO MAY BE INTERESTED?

We have a lucrative referral reward program for people who refer a colleague who ultimately joins the Precision family. Please contact us for more details (email Luke at luke@precisionhealth.com.au)
