## ***About Georgina***

Georgina is Currently practicing with the OSH Group consulting in travel and occupational health. Having worked in the travel health context since 2011, she completed a Masters degree and commenced in the role of a Nurse Practitioner in travel health since 2017. Her background in the nursing/medical field has incorporated General Practice and the numerous hospital positions in varied contexts, from theatre to general medical in Perth since 1983. Her interest in travel and patient health has enabled her ongoing commitment within the travel health context and maintaining currency with standard of practice in the field.
